NUDIST PRINCIPLES

We recognize the essential wholesomeness of the human body and that life is enhanced by the naturalness of social nudity.

From exercise to relaxation, physical health and mental well being are enriched through social nude recreation. We have the right to practice social nudity in appropriate settings, provided we do not infringe on the rights of others.

I have read the principles and standards of the association as printed above and accept them for myself and, as far as possible, on behalf of my immediate family and household, both as to theory and practice.

I hereby make application to be accepted as a member of the American Association For Nude Recreation and the Niagara Naturist Club, and agree, if accepted, to pay my dues annually or as otherwise required, to abide by the principles and standards, to be a worthy member of the organization and to do nothing which will in any way bring the organization into disrepute.

I agree also that should AANR deem it for the best interests of the organization that my membership be cancelled for cause, I shall abide by their decision. In order to furnish information upon which this application may be adjudged, I have filled in the information requested and personally vouch for the truth of my answers
